Local Business Network Newsletter

*The Ultimate Networking Tool*

## DSM Local Biz.com Non-Profit

**DSM Local Biz.com** is a community network. We say it all the time, but what do we mean? Well, we provide the community a fresh look at local businesses through our unique online showcase. We also provide services to the community. In our sponsorship program, with your help, we assist non-profit groups that are trying to build a site. Currently we are sponsoring The Home Connection, the Soul African Café and Central Iowa Dance. The Home Connection helps move homeless people into housing, where they eventually take over the whole responsibility of the home. The Soul African Café aids the community by providing work for those in transition. The Central Iowa Dance is a non profit organization providing the community with affordable extracurricular activity. If you would like to help sponsor these organizations or know of another we will work with you on sponsoring a site for them. After all, isn't giving back to the community what makes it thrive?

The Home Connection

Communities generally have several networks established within them. Our goal is to unite the businesses of Des Moines, helping each to succeed in its own right, and in the process strengthen the community. We are a network within the Des Moines community that supports one another. We encourage you to check out DSM Local Biz.com and stop in one of the businesses that you have never visited.

## DSM Local Biz Non-Profit Sites

## Current Marketing and Advertising

Many of you may have seen our television ads that ran throughout the summer. The television ad displays several of our members in what is called a donut advertisement. Basically, a graphic with your logo is shown, along with contact information. As the graphic is displayed, a voice describes your business. During our television ad campaign, each business was mentioned up to forty times. Every business receives direct mention advertisements as part of their yearly membership.
